To Whom it may concern,

I am writing to recommend Rachel Ayieko. She worked with us at Worldwide Asset Exchange (WAX) as a Customer & Product Support Specialist. Rachel reported to me in my position as Operations Manager.

As a support agent, Rachel was a quick study. It showed her dedication to serving our community that she quickly surpassed her colleagues in tickets solved, and maintained the most active and consistent presence for our community.

I've always looked for team members who are efficient and creative problem solvers; I found this with Rachel. Her diligence in her work was unmatched, while her attention to detail earned her collaboration opportunities on both our Fraud and Marketing teams.

Rachel is a delight to work with and I wouldn't hesitate to hire her again.

If you have further questions about her, feel free to reach me at VagrantGunn@gmail.com.

All the best,

Thomas D'Amico
